FROM THE NEWSWIRE

IQALUIT, NUNAVUT: The Honourable Leona Aglukkaq, Minister of the Environment, Minister of the Canadian Northern Economic Development Agency and Minister for the Arctic Council, on behalf of the Honourable Rona Ambrose, Minister of Health, has announced an investment of more than \$32 million over three years to strengthen access to services in the areas of mental wellness, chronic disease, and children's oral health and reduce reliance on out-of-territory health systems and medical travel.

OTTAWA: Mylan Pharmaceuticals ULC, in consultation with Health Canada, is voluntarily recalling one lot of Methotrexate Injection USP 50 mg/2 mL due to the potential presence of foreign particulate matter. At this time, no other lots of this product have been distributed by Mylan.

OTTAWA: Health Canada has published its revised Safety Code 6. Safety Code 6 is Health Canada's guideline for recommended human exposure limits to radiofrequency (RF) electromagnetic energy, the kind of energy given off by various electronic devices such as cell phones and Wi-Fi, as well as broadcasting and cell phone towers.

OTTAWA: Jamp Pharma Corporation, in consultation with Health Canada, is voluntarily recalling one lot of Jamp-Methotrexate USP 50mg/2mL due to the potential presence of foreign particulate matter. Methotrexate Injection is administered by health care professionals but Health Canada is also aware that this product may be self-administered by subcutaneous injection (under the skin) by patients at home. The risks associated with subcutaneous injection of foreign particulate matter include local reaction at the injection site and/or swelling or possible allergic reaction and infection.
